

Dear Year 5 Parent,

We know that many of you will be thinking about your child's choice of secondary school over the summer. We wanted to remind you that you have an excellent choice right on your doorstep.

A growing local intake

In the last three years, Trinity has been transformed with a new headteacher and a new building. Trinity is now much more popular with local children and the catchment zone halved in distance from 2010 to 2011.

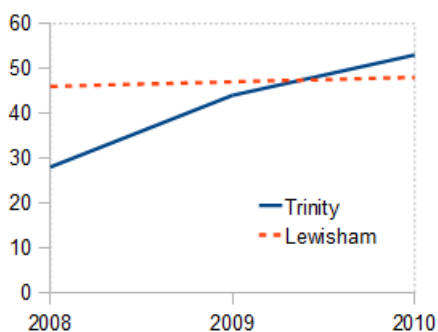

This year there were 450 applications for 120 places and Trinity was the second most popular choice for the ten most local primary schools (after Hillyfields Girls).

High academic standards

Trinity's results have been rapidly improving with 64% of students getting 5A-Cs at GCSE in 2010, or 54% including English and maths. Trinity is aiming to get 70% 5A-Cs this year.

For students expected to get mostly As and A*s at GCSE, the school has introduced a new "grammar stream", supported by the expertise of the new Assistant Head recruited from St Olave's. But the school works hard for all its students whatever their academic skills.

Trinity has a strong relationship with Christ the King Sixth Form College and may well develop its own sixth form in the future.

Percentage of students with 5A-C at GCSE (or equivalent) including English & Maths
